

- **Institution of Engineering and Technology (IET)**
- Anna Bonne, Head of Sector – Transport
- abonne@theiet.org
- 01438 767443 | www.theiet.org

About us

- Membership organisation: 160,000 members in 127 countries
- Mission: To inspire, inform and influence the global engineering community, supporting technology innovation to meet the needs of society
- Identify technology and engineering challenges and develop thought leadership
- Outputs include: case studies, seminars, round tables, debates, reports, journals, books, codes of practice and conferences

What we can offer

- **Knowledge dissemination:** Through reports, journals, events, 25,000 transport experts
- **Market research:** Bringing together key stakeholders from Industry, Academia & Govt to scope, test and develop solutions for societal & technology challenges
- **The IET works as a neutral body:** We offer an unbiased view and don't have our own agenda-we just want to advance innovation

What or who we are seeking

- To be part of collaborative R&D consortium looking to engage with communities across different modes of transport

What's your innovation/idea

- We can help to develop or test your innovative idea through engagement with key stakeholders
