

IoT Week 2014
16-20 June - London, UK

IoT Week 2014– Register Now!

The IoT Week 2014 will be hosted in London between the 16th and 20th June at the Grange Tower Bridge Hotel located in the heart of the city.

This year's event continues the journey, bringing focus to the emerging opportunities:

- connecting the global business and research communities innovating at the boundaries of IoT,
- promoting international collaboration,
- addressing societal and market issues.

IoT Week 2014 will be highly participatory with a **dedicated Hackathon track**, a focus on connected products and, for the first time, IoT Forum Awards to recognize contributions made in collaboration, innovation and excellence.

Leading research and emerging technologies with perspectives and insights from key industry including; **ARM, GE Global Research, Grundfos Connect, Orange** and **RFID in Europe**.

Take advantage of the early-bird registration fee* of **€299** and save €100 Register now by visiting the IoT Week website:

www.iot-week.eu

*Early-bird registration is available until 5th May. Normal registration is €399
